This form must be attached to the GMS 1 form

(1) Summary Care Record *please tick one box*

consent	dissent
☐	☐

This will be used in emergency care. The record will contain information about any medicines you are taking, allergies you suffer from, any bad reactions to medicines you have had, to ensure those caring for you have enough information to treat you safely. If you would like further information about the summary care record, please ask reception for an information sheet.

(2) SMS messaging

Sending text messages to patients can be useful for a number of reasons: To send you appointment confirmations of the booked appointment and even a reminder the day before, so you don't miss your appointment. We can also send you information regarding new clinics, eg. flu clinics and send you SMS messages from pathology results instead of you coming into the surgery to receive them. PLEASE NOTE it is extremely important to let the surgery know if you change your mobile number, otherwise the SMS messaging service will not work.

Please fill in the form below to consent or dissent in signing up to this service.
please tick one box
